

Welcome to the Multnomah Holiness Association's campground facilities. We have been located on the site since 1926 and owe a heartfelt gratitude to the loyal, hardworking, Godly forefathers who carved out a beautiful place of worship and fellowship. Over the years God has allowed a continual upgrading, where today, there are new and remodeled modern buildings, paved roads, a lovely caretakers' home, beautifully landscaped areas for visiting, and a Sports Center for year-round volleyball, basketball and other activities.

We invite you to come visit the grounds as you consider plans for a church camp, retreat, family reunion, banquet, graduation, anniversary celebration, or personal overnight lodging. You will find the atmosphere inviting and the rates reasonable.

“This is not a church nor a mission, but an association of people from all denominations for the purpose of proclaiming Scriptural Holiness.” - 1905
